**REPORT AND ORDER
(Proceeding Terminated)**

Adopted: June 3, 2009**Released: June 5, 2009**

By the Assistant Chief, Audio Division, Media Bureau:

1. The Audio Division issued a Notice of Proposed Rule Making in response to a Petition for Rule Making filed by JER Licenses, LLC ("Petitioner").¹ The Notice proposes the substitution of FM Channel 279A for vacant Channel 231A at Mount Enterprise, Texas. The purpose of the requested channel substitution at Mount Enterprise is to allow Petitioner to change its community of license for unbuilt FM Channel 232C3, from Grapeland, Texas, to Bullard, Texas.² Petitioner submitted a filing fee for that application pursuant to Revision of Procedures Governing Amendments to FM Table of Allotments and Changes of Community of License in the Radio Broadcast Services.³

2. Petitioner filed comments supporting the substitution of Channel 279A for Channel 231A at Mount Enterprise, and reaffirmed its intention to apply for the channel if it is allotted and, if authorized, to build and operate a station on that channel. No other comments were received.

3. We find that the substitution of Channel 279A for Channel 231A at Mount Enterprise, Texas, would serve the public interest, because it would accommodate Petitioner's proposed change of community of license for unbuilt Channel 232C3 from Grapeland, Texas, to Bullard, Texas, without any deleterious effect upon the service that can be made available using the Class A allotment at Mount Enterprise. The reference coordinates for Channel 279A at Mount Enterprise, Texas, are 31-58-15 NL and 94-41-01 WL, with a site restriction of 5.9 km (3.7 miles) north of the community.
